

**SECTION 1 - CHEMICAL PRODUCT AND COMPANY IDENTIFICATION****COMPANY ADDRESS:**

RedEagle International LLC  
5143 S. Lakeland Drive - Suite 4  
Lakeland, FL 33813

**EMERGENCY TELEPHONE NUMBERS:**

(800) 424-9300 (CHEMTREC, transportation and spills)  
(800) 222-1222 American Association of Poison Control Centers

**PRODUCT NAME:**

METOLACHLOR 8 EC

**CHEMICAL NAME:**

Metolachlor: 2-chloro-N-(2-ethyl-6-methylphenyl)-N-(2-methoxy-1-methylethyl)  
acetamide

**PRODUCT CODE:**

EPA Reg. No. 85678-83

**SECTION 2 - HAZARDS IDENTIFICATION SUMMARY**

This chemical is a product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-EPA registered chemicals. Please see Section 15 for additional EPA information.

Classification of the substance: OSHA Hazard Communication Standard, 29 CFR1910.1200

Amber to brown liquid

**HEALTH HAZARDS: DANGER**

Harmful to toxic if swallowed.

Causes skin irritation

Causes eye irritation,

May cause an allergic skin reaction.

May cause genetic defects.

**ENVIRONMENTAL HAZARDS:** Toxic to aquatic life.

**SECTION 3 - COMPOSITION, INFORMATION OF INGREDIENTS**

COMPONENT	PERCENTAGE	CAS No.
Metolachlor: 2-chloro-N-(2-ethyl-6-methylphenyl) N-(2-methoxy-1-methylethyl) acetamide	84.1	51218-45-2
Solvent	3.4	64742-94-5
Other ingredients	12.5	n/a

**SECTION 4 - FIRST AID MEASURES**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SWALLOWED: SPEED IS ESSENTIAL.** Immediate medical attention required. If available give an absorbent such as activated charcoal, bentonite, or Fuller's Earth. Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by poison control center or doctor. Have a person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

**IF INHALED:** Move person to fresh air, if person is not breathing, call 911 or an ambulance, then give artificial respiration. Do not use mouth-to-mouth method. Use pocket mask with one-way valve or other proper respiratory medical device. Call a poison control center or doctor for further treatment advice

**NOTE TO PHYSICIAN:** Treatment is controlled by removal of exposure followed by symptomatic and supportive care. Have a product container or label with you when calling a poison control center or doctor, or going for treatment.

**SECTION 5 - FIRE FIGHTING MEASURES**

**EXTINGUISHING MEDIA:** Use foam, dry chemical, carbon dioxide, or water spray when fighting fires involving this material.

**FIRE AND EXPLOSION HAZARD** Evacuate area. When heated, vapors dangerous to health may be formed.

**FIRE FIGHTING INSTRUCTIONS:** During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion. Evacuate area and fight fire from a safe distance. Dike and collect water used to fight fire to prevent environmental damage due to run off. This material is toxic to aquatic life with long lasting effects.

**FIRE FIGHTING EQUIPMENT:** Full firefighting turn-out gear (Bunker gear) including self-contained breathing apparatus with full face piece.

**HAZARDOUS COMBUSTION PRODUCTS:** Product will emit toxic fumes when heated.

**SECTION 6 - ACCIDENTAL RELEASE MEASURES**

**IN CASE OF SPILLS OR LEAKS:** Stop the source of the spill if safe to do so. Contain the spill to prevent further contamination of soil, surface water, or ground water. Clean up spills immediately. Observe precautions in Section 8 of this document. Keep unnecessary and unprotected personnel from entering. **SMALL SPILL:** Absorb small spills with sand, vermiculite, or other absorbent inert ingredients. Place material in a container for proper disposal.

**LARGE SPILL:** Dike spill using absorbent or impervious material such as clay or sand. Recover and contain as much free liquid as possible for reuse or disposal. Allow absorbed material to solidify and scrape up for disposal. After removal, clean contaminated area thoroughly with water. Pick up wash liquid with additional absorbent for disposal. Minimize use of water to prevent environmental contamination.

**CAUTION:** Minimize use of water to prevent runoff into municipal sewers or other open bodies of water and minimize environmental contamination. Be sure to isolate any contaminated water. Contact your State Pesticide or Environmental Control Agency, or nearest EPA Regional Office for guidance on disposal.

**SECTION 7 - HANDLING AND STORAGE****KEEP OUT OF REACH OF CHILDREN!**

**HANDLING:** Use only in a well-ventilated area. Do not inhale mists or vapors. Wear proper safety equipment specified in Section 8 when mixing, loading or otherwise handling concentrate. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing if pesticide gets inside clothing. Then wash thoroughly and put on clean clothing. Remove PPE after handling this product. Wash outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. Persons with a history of skin sensitization should not be used in any process involving this material. Do not reuse container.

**STORAGE:** Keep pesticide in original container. Keep container tightly closed when not in use. Store in a locked storage area. Avoid cross contamination with other pesticides or fertilizers during handling and storage. Store in a cool, dry place. Do not contaminate water, feed, or food by storage and disposal. Do not store diluted spray.

**SECTION 8 - EXPOSURE CONTROLS / PERSONAL PROTECTION**

**EXPOSURE LIMITS:** None established.

**ENGINEERING CONTROLS:** Do not breathe vapors or mists. If specific use conditions create an environment for excessive exposure, use proper ventilation. Facilities storing or utilizing this material should be equipped with activated charcoal, an eyewash facility, and a safety shower.

**PERSONAL PROTECTIVE EQUIPMENT:**

**EYE PROTECTION:** Protective eyewear. An emergency eyewash or water supply should be readily accessible to work area.

**SKIN PROTECTION:** Wear coveralls over long-sleeved shirt and long pants, chemical resistant shoes plus socks, and chemical-resistant gloves made of any waterproof material. Wear a chemical resistant apron when cleaning equipment, mixing, or loading. For overhead exposure wear chemical-resistant headgear. An emergency shower or water supply should be readily accessible to work area.

**RESPIRATOR:** Normally not required. If vapors or mists may exceed acceptable levels, wear NIOSH approved air-purifying respirator approved for pesticides. If there is a potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection, use positive-pressure, air-supplied respirator

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately

from other laundry.

**USER SAFETY RECOMMENDATIONS:** Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

**ENGINEERING CONTROLS:** Do not breathe vapors or mists. If specific use conditions create an environment for excessive exposure, use proper ventilation. Facilities storing or utilizing this material should be equipped with activated charcoal, an eyewash facility, and a safety shower.

**PERSONAL PROTECTIVE EQUIPMENT:**

**EYE PROTECTION:** Protective eyewear. An emergency eyewash or water supply should be readily accessible to work area.

## SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

<b>Appearance:</b>	Amber to brown liquid
<b>Odor:</b>	Aromatic
<b>pH:</b>	5.0-8.0 [Conc. (1% w/w); 1%]
<b>Boiling Point:</b>	No data available
<b>Freezing Point:</b>	Non
<b>Flash Point:</b>	> 93 °C / > 200 °F
<b>Evaporation Rate:</b>	No data available
<b>Flammability:</b>	No information available
<b>Flammability Limits:</b>	No data available
<b>Vapor Pressure:</b>	No data available
<b>Vapor Density:</b>	No data available
<b>Relative Density:</b>	1.09-1.12 (9.10-9.30 lb/gal)
<b>Solubility:</b>	No data available
<b>Partition Coefficient:</b>	No data available
<b>Auto-Ignition Temperature:</b>	Not applicable
<b>Decomposition Temperature:</b>	No data available
<b>Viscosity:</b>	No data available

## SECTION 10 - STABILITY AND REACTIVITY

<b>CHEMICAL STABILITY:</b>	Stable under normal handling and storage conditions.
<b>HAZARDOUS REACTION/POLYMERIZATION:</b>	Under normal storage conditions and use, hazardous reactions will not occur.
<b>CONDITIONS TO AVOID:</b>	Extreme temperatures.
<b>INCOMPATIBLE MATERIALS:</b>	Avoid strong oxidizers, strong acids, strong bases, heat, and sources of ignition.
<b>HAZARDOUS DECOMPOSITION PRODUCTS:</b>	Oxides of nitrogen, carbon, sulfur, and hydrogen chloride.

## SECTION 11 - TOXICOLOGICAL INFORMATION

<b>ACUTE TOXICITY:</b>	
Oral LD <sub>50</sub> (rat):	2200 mg/kg
Dermal LD <sub>50</sub> (rat):	> 2,000 mg/kg
Inhalation LC <sub>50</sub> (rat):	> 4.3mg/L
Eye irritation (rabbit):	Mildly irritating
Skin irritation (rabbit):	Slight
Sensitization:	Not a contact sensitizer

**CARCINOGENICITY:** No component of this product present at 0.1% or greater is listed by OSHA, IARC, NIOSH or NTP.

## SECTION 12 - ECOLOGICAL INFORMATION

**ENVIRONMENTAL SUMMARY:** Toxic to aquatic life. Do not apply to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not apply where runoff might occur. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water when cleaning equipment or disposing of equipment wash waters or rinsate.

**MOBILITY:** Potential to leach into ground water.

**ENVIRONMENTAL HAZARDS:** Toxic to aquatic life with long lasting effects.

**AQUATIC TOXICITY:**

96 hour EC<sub>50</sub>, Bluegill 8.6-12.9mg/L

48 hour LC<sub>50</sub>, Water flea – 25.1 mg/L

### SECTION 13 - DISPOSAL CONSIDERATIONS

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE DISPOSAL:** Pesticide waste may be acutely hazardous. Improper disposal is a violation of Federal law. If this waste cannot be disposed of according to label instructions, contact your state Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office.

**CONTAINER DISPOSAL:** Offer for recycling, if available. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container one-fourth full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### SECTION 14 - TRANSPORT INFORMATION

**US DOT** (Ground transport)

Not regulated

**IMDG** (Sea transport) -

UN/ID number	UN3082
Proper shipping name	Environmentally hazardous substance, liquid, n.o.s. (Metolachlor),
Hazard Class	9
Packing group	III
Hazard Label	Marine Pollutant

### SECTION 15 - REGULATORY INFORMATION

**EPA/FIFRA -Signal Word**

CAUTION

**OSHA-Signal Word**

DANGER

**CERCLA REPORTABLE QUANTITY:** Not listed

**SARA**

**302/304:**

Not applicable

**311/312:**

Acute health; Chronic health

**313:**

Not determined

**TSCA:**

Exempted - solely for FIFRA regulated use.

**CALIFORNIA PROP 65: WARNING:**

This product does not contain substances known to the State of California to cause cancer and/or reproductive/developmental effects.

<b>SECTION 16 - OTHER INFORMATION</b>
---------------------------------------

**NFPA (National Fire Protection Association) HAZARD RATINGS**

HEALTH	FLAMMABILITY	REACTIVITY
2	1	0

4=Severe    3=Serious    2=Moderate    1=Slight    0=Minimal

**DISCLAIMER AND LIMITATION OF LIABILITY:** The information presented herein is based on available data from reliable sources and is correct to the best of our knowledge. It does not relate to the use of such materials in combination with any other material or process. RedEagle International LLC makes no warranty, express or implied, regarding the accuracy of the data or the results obtained from the use of this product. RedEagle International LLC disclaims all liability for reliance on such information. Nothing herein may be construed as recommending any practice or any product in violation of any law or regulations. The user is solely responsible for determining the suitability of any material or product for a specific purpose and for adopting any appropriate safety precautions.

This Safety Data Sheet (SDS) serves different purposes than and DOES NOT REPLACE OR MODIFY THE EPA APPROVED PRODUCT LABELING (attached to and accompanying the product container). This SDS provides important health, safety, and environmental information for employers, employees, emergency responders and others handling large quantities of the product in activities generally other than product use, while the labeling provides that information specifically for product use in the ordinary course. Use, storage and disposal of pesticide products are regulated by the EPA under the authority of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) through the product labeling, and all necessary and appropriate precautionary, use, storage, and disposal information is set forth on that labeling. This data sheet is not a guarantee of safety. Users are responsible for ensuring that they have all current information necessary to safely use the product described by this data sheet for their specific purpose.

It is a violation of federal law to use a pesticide product in any manner not prescribed on the EPA-approved label.
